SUMMER SPEAKER SERIES: DR. ROBERT THIRSK

Date and Time: Sunday, July 28 2:00 pm - 3:00 pm

Address: 300 Main Street South, Kenora

Presenter: Dr. Robert Thirsk

Welcome to the Muse 2024 Summer Speaker Series taking place on Sunday afternoons at the Lake of the Woods Museum at 2:00 pm.

In this session *What Do Astronauts Do In Space?* Robert Thirsk will share personal experiences of his 2009 expedition aboard the International Space Station. Bob will highlight his crew's launch aboard a Russian Soyuz rocket from Kazakhstan and their subsequent rendezvous and docking with the ISS two days later. Working aboard the Station within a collaborative and cross-cultural setting, Bob and his crew performed a variety of experim

ents on behalf of scientists from around the world. He will describe the nature of daily life aboard a space station and conclude his presentation by recounting the crew's rollicking return to Earth at the end of their six-month odyssey.

Bio

Dr. Robert Thirsk received degrees in Mechanical Engineering, Medicine and Business Administration from the University of Calgary, MIT and McGill University. Bob has flown on two spaceflights: a mission aboard the shuttle Columbia and an expedition aboard the International Space Station. Although he is now retired from active duty, he continues to promote a role for Canada in the delivery of remote health care to astronauts who will someday venture on missions to deep space. Bob also advocates for a national economy based upon exploration, innovation and lifelong learning.

Admission is by donation.
