### Kenora District Housing Strategy Open House

Date and Time: Monday, October 4 12:00 pm - 1:00 pm

Address: 18 Mike Richards Way, Kenora

Housing is a top priority for the Kenora District Services Board and is vital to achieving our economic growth potential. That's why we are developing a Regional Housing Strategy for the Kenora District.

Monday, October 4, 2021

12 to 1 pm

Kenora Recreation Centre, Rotary Room

We want to hear about your experiences and ideas for housing. Please stop by our open house meeting anytime between 12pm and 1pm to learn more about the Kenora District Housing Strategy and to share your thoughts.

The strategy will focus on the Kenora District as a whole, and identify specific strategies and actions for each of our municipalities. The goal is to ensure everyone can access safe, good quality housing, regardless of their race, ethnicity, gender, age, income, and ability. This includes youth to seniors, singles to large families, seasonal workers to full-time residents, and people experiencing homelessness to high-income earners.

## Thursday, October 7, 2021

## Kenora District Housing Strategy Survey

Date and Time: Friday, October 29 12:00 am - 12:00 pm

Address: Your mobile device, laptop, computer.

Kenora District Services Board wants to hear from you! Complete the survey by October 29 for your chance to win 1-of-5 \$100 gift card to a local grocery or hardware store of your choice.

<https://bit.ly/BuildingHousingTogether>

The purpose of this survey is to gain an understanding about local community housing issues and needs, gather input on residents' experiences with housing in the Kenora District, and learn about community members' housing goals and future aspirations.

### A NEED FOR A PLAN

The Kenora District Services Board (KDSB) provides housing, emergency medical services, and other support services to nine municipalities and four unincorporated territories within the Kenora District. In recent years, multiple factors have contributed to shortages in the supply of housing for a diverse range of households within our communities. A Regional Housing Strategy is needed to respond to these challenges and opportunities. The Kenora District Housing Strategy: Building Housing Together will help prepare the foundation for new housing that can better address and plan for our District's existing and future housing needs.

Please visit our website for more information about the survey and for regular updates about the project!

The best way to get in touch with us and follow our progress is to complete the online survey. However, if you prefer to fill out a paper copy of the survey, they are available at Kenora District Services Board, 120 Matheson Street South, Kenora, ON P9N 1T8
